Departure by coach with your local guide. You will discover the Hofburg, which is also known for having been during 600 years the "Winter Residency" of the Habsburgs. Over the course of their reign, they turned this small 13th century fortress into a colossal and beautiful palace. The different buildings today mostly house museums and the gardens, dotted with monuments, have become the Volksgarten and the Burggarten.

We will climb up the Emperor's Staircase to reach the Sisi Museum which extends over six rooms that have been equipped to solely centre on Elisabeth's private life. Here numerous personal items that once belonged to Elisabeth are used to help illustrate the true personality of the frequently misunderstood Empress. The sensitively designed exhibits are inspired by the monarch's poetry and illustrate how the once light-hearted young girl, Sisi, became a restless, unapproachable and melancholic woman. The more than 300 items on display in the museum include parasols, boxes and gloves which once belonged to Elisabeth, along with a reconstruction of the evening dress worn by 16-year-old Sisi in 1854 before she left her home in Munich, and a replica of a section of her imperial railway carriage.

We'll then move on to Imperial Apartments and access the 19 official and private rooms that once belonged to Franz Joseph and Elisabeth. The Imperial Apartments are a reflection of the monarchic splendour.
